A world map showing the distribution of 1000+ data points across continents. The map uses colored circles to represent the number of points in each region. North America has the highest count (313), followed by Asia (168) and South America (62). Other regions like Europe, Africa, and Oceania have lower counts. The map is labeled with continents and oceans.

Continent	Count
North America	313
South America	62
Asia	168
Europe	43
Africa	22
Oceania	9
Other Regions	15
